Executive Summary

Effective January 17, 2020, the Judicial Council approved the Family and Juvenile Law Advisory Committee's recommendation to combine the previous two Assembly Bill 1058 Child Support Program midyear funding reallocation processes into one administrative process to maximize program efficiencies. This administrative process for midyear reallocation delegates ongoing authority to the Administrative Director on an annual basis. This report details the midyear reallocation of funding for the AB 1058 Child Support Commissioner and Family Law Facilitator Program for fiscal year 2023–24.

Relevant Previous Council Action

The Judicial Council is required to annually allocate non—Trial Court Trust Fund funds to the AB 1058 Child Support Commissioner and Family Law Facilitator Program and has done so since 1997. Funds for this program are provided through a cooperative agreement between the California Department of Child Support Services and the Judicial Council. Any funds unspent during the fiscal year revert to the state General Fund and cannot be used in subsequent years.

Under an established procedure described in the standard agreement with each superior court, at midyear the Judicial Council redistributes both base funding and federal drawdown funds to courts that indicate a need for additional funds from any unallocated funds and any available funds from courts that are projected not to spend their full grants.

Effective January 17, 2020, the Judicial Council delegated ongoing authority to the Administrative Director to reallocate funds at midyear based on an approved methodology to ensure program efficiencies and maximize the use of program funding by moving funds from courts that voluntarily return funds to courts that will exhaust their annually allocated funds before the end of the fiscal year.¹

Analysis/Rationale

The midyear reallocation process is a one-time adjustment in each fiscal year and is intended to maximize the funding for the AB 1058 trial court program. Each court completes a form to indicate whether it anticipates having additional funds that can be reallocated to courts that have demonstrated a need for additional funds.

Annual midyear reallocation

The Judicial Council is required to annually allocate nontrial court funding for the AB 1058 Child Support Program made available through a cooperative agreement with the California Department of Child Support Services. Two-thirds of the funds are federal, and one-third comes from the state General Fund (base funds). In addition, courts have the option of participating in the federal drawdown option whereby courts use local trial court funds as matching funds to obtain federal funds for the program.

Any funds left unspent during the fiscal year revert to the state General Fund and cannot be used in subsequent years. For fiscal year (FY) 2023–24, the Child Support Commissioner (CSC) program received \$35.0 million in base funds and \$12.6 million in federal drawdown funds, and the Family Law Facilitator (FLF) program received \$11.9 million in base funds and \$4.4 million in federal drawdown funds.

To maximize the use of these funds, each year the courts participate in the midyear reallocation process where funds made available from courts that did not take their full allocation at the beginning of the fiscal year—and from courts that volunteered to return funds not anticipated to be spent before the end of the fiscal year—are reallocated. Using the approved methodology, available funds are proportionally reallocated to courts requesting additional funds based on their share of the total base funding.

2023-24 midyear reallocation

In fiscal year 2023–24, for the CSC program a total of \$662,736 was reallocated. Eleven courts returned \$733,243 in base funds, and 18 courts returned \$2,297,760 in federal drawdown funds. Eight courts requested additional base funds, and one court requested additional federal

¹ More details can be found in the Judicial Council report for the January 2020 meeting: Judicial Council of Cal., Advisory Com. Rep., *Child Support: Midyear Funding Reallocation Process for the Child Support Commissioner and Family Law Facilitator Programs* (Dec. 20, 2019), https://jcc.legistar.com/View.ashx?M=F&ID=7982101&GUID=519545BC-7D0B-4FA0-88F9-3AA25965315B.

drawdown funds. Seven courts requested additional federal drawdown funds if base funds were not available. All available base funds were reallocated. See Attachment A for details.

For the FLF program, a total of \$285,528 was reallocated. Five courts returned \$181,334 in base funds, and four courts returned \$178,864 in federal drawdown funds. Twenty-two courts requested additional base funds, and five courts requested additional federal drawdown funds. Twenty-one courts requested additional federal drawdown funds if base funds were not available. All available base funds were reallocated. See Attachment B for details.

Fiscal Impact and Policy Implications

The midyear process allows for the maximization of AB 1058 Child Support Program funds to best support courts in meeting their mandates under Family Code sections 4251 and 10002 to hire sufficient program staff to provide AB 1058 Child Support services to the public.

Through this process, base funding made available by courts for reallocation for both the CSC program and the FLF program was fully redistributed to courts with the need for additional funding to maintain service levels. In addition, federal drawdown funding was redistributed to courts requesting additional funding.
