Executive Summary

The Civil and Small Claims Advisory Committee recommends revising the optional form litigants use for claiming prejudgment costs under Code of Civil Procedure sections 1032 and 1033.5 (form MC-010) to add a certification under penalty of perjury for the costs submitted. The committee also recommends on form MC-010 and its companion worksheet (form MC-011) (1) removing the references to fees for hosting electronic documents as a cost because these fees have sunsetted as an expressly allowable cost and (2) relocating the item "Models, enlargements, and photocopies of exhibits" on the lists of costs. The origins of this proposal are a litigant's challenge to form MC-010's verification language, a sunset provision in the statute, and a suggestion from a form user to make parallel the cost items in the two forms.

Recommendation

The Civil and Small Claims Advisory Committee recommends that the Judicial Council, effective January 1, 2025:

1. Revise *Memorandum of Costs (Summary)* (form MC-010) to add a certification under penalty of perjury for the costs requested; and

2. Revise form MC-010 and *Memorandum of Costs (Worksheet)* (form MC-011) by removing references to fees for hosting electronic documents as a cost and relocating "Models, enlargements, and photocopies of exhibits" to item 13 of the list of costs.

The proposed revised forms are attached at pages 5–10.

Relevant Previous Council Action

To implement legislation (Sen. Bill 654; Stats. 1986, ch. 377), the Judicial Council originally approved for optional use forms MC-010 and MC-011, effective January 1, 1987, for claiming prejudgment costs under Code of Civil Procedure sections 1032 and 1033.5. Both forms were revised in 1999 to conform to statute—for example, by including "court reporter fees as established by statute" among the costs that a litigant can claim. Finally, both forms were revised, effective September 1, 2017, to implement technical changes based on amendments to section 1033.5 regarding fees for interpreters and electronic filing or service, as well as to replace the word "blowups" with "enlargements."

Analysis/Rationale

The committee recommends three changes to the current form for claiming prejudgment interest (form MC-010) and two corresponding changes to the companion worksheet (form MC-011).

Adding a sworn verification to form MC-010

To conform the existing verification of costs on form MC-010 to those on other council forms, the committee recommends adding a penalty-of-perjury recital. At least one party has argued unsuccessfully that form MC-010 does not comply with applicable verification requirements because it is not signed under penalty of perjury. A Court of Appeal in an unpublished case rejected the argument, holding that form MC-010's verification complies with the requirements of California Rules of Court, rule 3.1700 because it provides for a signed statement from the party, attorney, or agent that "to the best of [their] knowledge the items of cost are correct and were necessarily incurred in the case." Without a published decision resolving the issue, parties who choose to use form MC-010 remain open to similar challenges.

The committee notes that the council's mandatory forms for seeking costs on appeal (*Memorandum of Costs on Appeal* (form APP-013)) and for requesting entry of default or default judgment (*Request for Entry of Default (Application to Enter Default)* (form CIV-100), which includes a memorandum of costs as item 7) both contain penalty-of-perjury recitals after rule 3.1700's verification language that—to the best of the party's, counsel's, or agent's knowledge—the costs are correct and were necessarily incurred in the case. Based on those two forms, the committee recommends adding a penalty-of-perjury recital to form MC-010. Doing so will make form MC-010 consistent with these other council forms and should reduce the

incidence of litigants having to defend challenges to the legal sufficiency of form MC-010's verification.

Removing references to fees for the hosting of electronic documents

The committee also recommends deleting on forms MC-010 and MC-011 fees for hosting electronic documents. This change is necessary because the provision that expressly authorized those hosting costs became inoperative as of January 1, 2022. (Code Civ. Proc., § 1033.5(a)(15); Assem. Bill 2244 (Stats. 2016, ch. 461).)

Other changes to forms MC-010 and MC-011

A form user pointed out that the items of allowable costs on forms MC-010 and MC-011 are not in the same sequence. "Models, enlargements, and photocopies of exhibits" is listed as item 12 on form MC-010 but as item 11 on form MC-011. The sequence of the items of costs set out in these companion forms should be the same. With the purpose of more closely following the statutory list of costs in section 1033.5 and making the forms more user friendly, the committee recommends a minor technical change of relocating "Models, enlargements, and photocopies of exhibits" to item 13 in both forms.

Policy implications

This proposal has no major policy implications. It aligns with the Judicial Council's policy of keeping forms consistent with related statutes.

Comments

This proposal circulated for public comment from April 2 to May 3, 2024. The committee received four comments, including three from superior courts. Two commenters agreed with the proposal as circulated, and two commenters did not indicate a position. All four stated that the proposal addresses the stated purpose, and none of the commenters suggested any changes.

A chart of comments and committee responses is attached at pages 11–13.

Alternatives considered

The alternative of not making changes to the forms was not considered because one of the changes is to remove references to costs for the hosting of electronic documents, which are no longer awardable under section 1033.5 due to a sunset provision. The committee considered making no other changes beyond the removal of the references to the fees for hosting electronic documents because form MC-010 already includes a verification of the costs claimed and the two forms list the same items, albeit in a different order; however, the committee concluded that adding a penalty-of-perjury recital in form MC-010 would make the form consistent with other council forms involving costs. The committee also believes that resequencing the items of allowable costs to harmonize the two forms would be helpful to litigants and courts.

Fiscal and Operational Impacts

Operational impacts are expected to be minimal. The proposal would impose the usual costs for courts to train judicial officers and staff and to update internal procedures.
