Executive Summary

The Trial Court Budget Advisory Committee recommends allocating funds for the Assembly Bill 1058 Child Support Commissioner and Family Law Facilitator Program based on the current funding methodologies, with updated workload and population data. The workload-based funding methodology of the Child Support Commissioner program was implemented in fiscal year (FY) 2019–20, the population-based funding methodology of the Family Law Facilitator program was implemented in FY 2021–22, and the underlying data for both are updated every two years. The committee also recommends approving base and federal drawdown allocations for the AB 1058 program funding for FY 2025–26. The funds are provided through a cooperative agreement between the California Department of Child Support Services and the Judicial Council and requires the council to annually approve these funding allocations.

Recommendation

The Trial Court Budget Advisory Committee recommends that the Judicial Council, effective July 18, 2025:

- 1. Approve the committee's recommended base allocation for the Child Support Commissioner program for FY 2025–26 and FY 2026–27, as described below and set forth in Attachment A, maintaining the current funding methodology approved by the council in 2019 with updated workload data.
- Approve the committee's recommended base allocation for the Family Law Facilitator program for FY 2025–26 and FY 2026–27, as described below and set forth in Attachment B, maintaining the current funding methodology approved by the council in 2021 with updated population data.
- 3. Approve the committee's recommendation for FY 2025–26 AB 1058 program funding for the courts composed of the base funding allocations derived from recommendations 1 and 2 and federal drawdown funding based on the methodology adopted by the Judicial Council in January 2019, as set forth in Attachments C and D.

This recommendation was presented to the Judicial Branch Budget Committee on May 16, 2025, and approved for consideration by the Judicial Council.

Relevant Previous Reporting or Action

The Judicial Council is required to annually allocate non-trial-court funding to the AB 1058 program and has done so since 1997.¹ A cooperative agreement between the California Department of Child Support Services and the Judicial Council provides the funds for this program and requires the council to annually approve the funding allocation. Two-thirds of the funds are federal, and one-third comes from the state General Fund (non-trial-court funding). Any funds left unspent at the end of the fiscal year revert to the state General Fund and cannot be used in subsequent years.

The AB 1058 Funding Allocation Joint Subcommittee was formed in 2015 to review the historical AB 1058 program funding methodology. On January 15, 2019, the council approved a new workload-based funding methodology for the AB 1058 Child Support Commissioner (CSC) program while maintaining the historical Family Law Facilitator (FLF) program funding methodology until FY 2021–22, as recommended by the subcommittee.² On July 9, 2021, the council approved a new population-based methodology for the FLF program and maintained the workload-based methodology, with updated workload data, for the CSC program. The council

¹ Assembly Bill 1058 added article 4 to chapter 2 of part 2 of division 9 of the Family Code, which at section 4252(b)(6) requires the Judicial Council to "[e]stablish procedures for the distribution of funding to the courts for child support commissioners, family law facilitators pursuant to [Family Code] Division 14 (commencing with Section 10000), and related allowable costs."

² More details can be found in the Judicial Council report for the January 2019 meeting: Judicial Council of Cal., Advisory Com. Rep., *Child Support: AB 1058 Child Support Commissioner and Family Law Facilitator Program Funding Allocation* (Nov. 21, 2018), https://jcc.legistar.com/View.ashx?M=F&ID=6953308&GUID=A6F15A78-08B6-42DA-8826-19A6AF0B7CB1.

directed that each methodology be refreshed every two years with updated data.³ Additionally, the council directed the Family and Juvenile Law Advisory Committee to make a recommendation for the CSC program for funding a minimum service level for smaller courts and reviewing the implementation of the Child Support Commissioner workload-based methodology until FY 2023–24.⁴

On July 21, 2023, the Judicial Council approved the funding allocation for FY 2023–24 with updated workload data for the CSC program and updated population data for the FLF program. The council also confirmed that for the CSC program, funding for the smallest courts and courts in a cooperative agreement to share services is to be allocated based on the courts' historical allocations.⁵

Analysis/Rationale

Child Support Commissioner and Family Law Facilitator base funding allocations

The Child Support Commissioner funding methodology was approved by the Judicial Council effective January 2019, and the effectiveness of its implementation was reviewed July 2023. This recommendation included continuing reallocation of funds on an ongoing basis every two years with updated workload data. The committee recommends the funding for the CSC program be allocated using the existing funding methodology, which caps funding changes at 5 percent. Application of the methodology accounts for the updated funding and staff needs and then applies a 5 percent cap to the 2023–24 base allocations to minimize the impact of changes to any one court's annual funding. Attachment A details the CSC program base allocation.

The Family Law Facilitator funding methodology was approved by the Judicial Council effective July 2021. This recommendation specified that funds should continue to be reallocated on an ongoing basis every two years with updated population data. The committee recommends the funding for the FLF program be allocated using the existing funding methodology, which caps funding changes at 5 percent. Application of the methodology accounts for the updated population data and then applies a 5 percent cap to the FY 2023–24 base allocations to minimize

⁴ More details can be found in the Judicial Council report for the July 2021 meeting: Judicial Council of Cal., Advisory Com. Rep., *Child Support: Updating Workload Data for the AB 1058 Child Support Commissioner Funding Methodology, Adopting a Family Law Facilitator Program Funding Methodology, and Adopting 2021–22 AB 1058 Program Funding Allocations* (May 14, 2021),

⁵ Judicial Council of Cal., Advisory Com. Rep., *Child Support: Updating AB 1058 Program Funding Methodologies and Adopting Fiscal Year 2023–24 Funding Allocations* (June 29, 2023), https://jcc.legistar.com/View.ashx?M=F&ID=12128370&GUID=89F3B1A2-851D-4C5B-9966-A563AFCD50E5.

the impact of changes to any one court's annual funding. Attachment B details the FLF program base allocation.

FY 2025-26 AB 1058 program funding

The total AB 1058 Child Support Commissioner and Family Law Facilitator program funding for the courts is composed of the base funding allocations and federal drawdown funding, with specific amounts designated for each side of the program. Base funding is derived from the funding methodologies for the CSC and FLF programs. As approved by the Judicial Council in January 2019, federal drawdown funds are allocated proportionally to each court based on the new funding allocations up to the amount that a court requests and can match. If the request for federal drawdown funds exceeds the amount available to allocate, these funds are allocated in proportion to a court's base funding. This proportional allocation is continued until all drawdown funds are allocated to those courts that are willing and able to provide the matching funds.

Funding for FY 2025–26 for the CSC program will be \$35.0 million in base funding and \$13 million in federal drawdown funding. Funding for FY 2025–26 for the FLF program will be \$11.9 million in base funding and \$4.4 million in federal drawdown funds. The total AB 1058 program base allocation, which has remained unchanged since FY 2023–24, is \$46.8 million, and the total federal drawdown allocation is \$17.5 million.

Policy implications

Approval of these recommendations allows for the continued funding of the CSC and FLF programs, supporting courts in meeting mandates under Family Code sections 4251 and 10002 to hire a sufficient number of child support commissioners and family law facilitators to provide AB 1058 services to the public. Approval of these recommendations also fulfills the requirements of the contract between the council and the California Department of Child Support Services. Continued biannual allocations based on the approved methodology will ensure courts continue to meet federal performance measures that ensure ongoing federal funding for the program.

Comments

Public comments were not solicited for this proposal because the recommendations are within the Judicial Council's purview to approve without circulation.

Alternatives considered

No alternatives were considered because the recommended allocations were calculated using the funding methodology approved by the Judicial Council.

Fiscal and Operational Impacts

The committee does not anticipate that these recommendations will result in any costs to the branch. The reallocation of funds will increase available funds for some courts and decrease available funds to others, which may impact their ability to meet program objectives.

To draw down federal funds, federal provisions require payment of a state share of one-third of total expenditures. Therefore, each participating court will need to provide the one-third share of the court's total cost to draw down two-thirds of total expenditures from federal participation.
