Executive Summary

The Sargent Shriver Civil Counsel Act (Assem. Bill 590; Stats. 2009, ch. 457) provided that, beginning in fiscal year 2011–12, one or more pilot projects selected by the Judicial Council are to be funded to provide legal representation and improved court services to low-income parties on critical legal issues affecting basic human needs. On May 15, 2020, the Judicial Council approved the recommendation of the Shriver Civil Counsel Act Implementation Committee, based on a competitive application process, to fund 11 pilot projects and defer another three applications for additional consideration. The committee now recommends that one of the deferred pilot projects be funded.

Recommendation

The Shriver Civil Counsel Act Implementation Committee recommends that the Judicial Council, effective May 21, 2021, approve a Sargent Shriver Civil Counsel Act grant in an amount not to exceed \$452,698 to the Justice and Diversity Center and the Superior Court of San Francisco. The grant will allow provision of legal representation and improved court services in child custody matters for low-income litigants. The grant would be for a 12-month period beginning June 1, 2021, ending May 31, 2022.

Relevant Previous Council Action

On April 29, 2011, the Judicial Council approved Sargent Shriver Civil Counsel Act grants in an amount not to exceed \$9.5 million for distribution to seven legal services agencies and superior courts for pilot projects to provide legal representation and improved court services to eligible low-income litigants. On August 21, 2014, the Judicial Council renewed those grants to six legal services agencies and their superior court partners. On July 17, 2017, the Judicial Council approved grants to seven legal services agencies and their superior court partners. On November 15, 2019, the Judicial Council approved distributing an additional \$2.5 million of general funds on a pro rata basis to the projects. On May 15, 2020, the Judicial Council approved funding 11 pilot projects and deferred for future consideration three other pilot projects, based on a competitive application process.¹ This report is found at Link A.

Analysis/Rationale

The Sargent Shriver Civil Counsel Act (Assem. Bill 590; Stats. 2009, ch. 457) provided that, commencing in fiscal year (FY) 2011–12, one or more pilot projects selected by the Judicial Council are to be funded to provide legal representation and improved court services to low-income parties on critical legal issues affecting basic human needs. The pilot projects will be operated by legal services nonprofit corporations working in collaboration with their local superior courts.

Government Code section 68651(b)(5) requires the Judicial Council to appoint a committee to select pilot projects to recommend to the Judicial Council for funding. The Shriver Civil Counsel Act Implementation Committee was appointed by Chief Justice Ronald M. George on September 1, 2010. A current roster of committee members is found at Link B.

Request for applications

The Judicial Council issued a request for applications (RFA) on January 6, 2020. Fourteen proposals were received with requests totaling \$15,240,868 in the first year. Nine of those proposals requested continuing their projects and five were for new projects. Eleven pilot projects were funded and three were deferred for future consideration.

The RFA stated: “In September 2019, Governor Gavin Newsom signed Assembly Bill 330 (Gabriel; Stats. 2019, ch. 217). This bill amended the language of the Government Code to increase specified fees that fund the Shriver project from \$10 to \$25 per filing. The Judicial Council anticipates that this change will increase the amount of funds available to the program by approximately \$11 million to approximately \$18 million per year. Because these amounts are estimates based on revenue projections, the Judicial Council may award amounts that are less than the full projection in the initial year and then consider increases to the grants in future years,

stage implementation of new grants, or other steps to ensure sufficient funding for all awards.” (See Link C.)

In FY 2020–21 and ongoing, the committee anticipates that an additional \$500,000 per year is available to the Shriver project for staging implementation of new grants.

Policy implications

The work performed by the projects helps to implement Goal I (Access, Fairness, and Diversity) of the judicial branch’s strategic plan by increasing representation and court services for low-income persons.

Comments

The recommendations for the selection of the pilot projects have been made by the Shriver Civil Counsel Act Implementation Committee as provided by Government Code section 68651(b)(5). The statutory scheme does not contemplate public comment.

Alternatives considered

In the May 15, 2020 report, the committee noted that three applications were deferred and will be reconsidered by the committee for recommendations at a future meeting:

Justice and Diversity Center of the Bar Association of San Francisco

Superior Court of San Francisco County

Child Custody Pilot Project\$452,698

Los Angeles Center for Law and Justice

Superior Court of Los Angeles County

Domestic Violence Pilot Project\$853,485

Neighborhood Legal Services

Superior Court of Los Angeles County

Housing Project–Requested Increase.....\$2,121,660

The Request for Applications anticipated that additional grants could be staged based on available funding, and therefore it is not necessary to conduct another solicitation process. Since the available funding prorated would only meet a small percentage of the three proposed budgets (15 percent of the total of the proposed budgets) the committee determined that funding 100 percent of the San Francisco pilot project was the preferred alternative.

Fiscal and Operational Impacts

Costs for Judicial Council staff support and the mandated evaluation are covered by the provision for administrative costs in the Budget Act appropriation.
