Executive Summary

Pursuant to Government Code section 69958, the Judicial Council is required to report to the Legislature semiannually on the purchase and lease of any electronic recording equipment that will be used to record superior court proceedings. During the reporting period of July 1 to December 31, 2022, seven courts reported a combined total of \$667,467 for equipment or related items. On or before June 30, 2023, the Judicial Council's Budget Services staff submitted the *Report of Electronic Recording Equipment Purchased or Leased by Superior Courts (July 1 through December 31, 2022)*. This report also includes supplemental information for the reporting period of January 1 through June 30, 2022.

Relevant Previous Council Action

This report is submitted to the Legislature semiannually. Reports from previous fiscal years are available on the "Legislative Reports" webpage of the California Courts website at www.courts.ca.gov/7466.htm.

Analysis/Rationale

Government Code section 69957(a) allows the purchase and/or lease of electronic recording equipment for limited civil, misdemeanor, and infraction cases. Additionally, Government Code section 69957(b) allows the trial courts to use electronic recording equipment for the purpose of monitoring the performance of subordinate judicial officers, hearing officers, and temporary

judges. Lastly, Government Code section 69957(c) requires the courts to obtain advance approval from the Judicial Council before purchasing or leasing any such equipment. Approval is subject to the equipment being used in the manner and for the purposes authorized under this section.

From July 1 through December 31, 2022, seven courts reported a combined total of \$667,467 for the purchase of equipment or related items:

- Contra Costa Superior Court spent \$107,460 to purchase electronic recording equipment for use in limited civil and misdemeanor case types (see Attachment A).
- Los Angeles Superior Court spent \$451,889 to purchase electronic recording equipment for use in limited civil, infraction, and small claims case types (see Attachment B).
- Napa Superior Court spent \$5,850 to purchase electronic recording equipment for use in limited civil, misdemeanor, infraction, and small claims case types. Additionally, for use in performance monitoring, which is appropriate for all case types (see Attachment C).
- Orange Superior Court spent \$19,436 to purchase electronic recording equipment for misdemeanor and infraction case types. Additionally, for use in performance monitoring, which is appropriate for all case types (see Attachment D).
- Siskiyou Superior Court spent \$7,007 to purchase electronic recording equipment for use in misdemeanor case types (see Attachment E).
- San Mateo Superior Court spent \$35,464 to purchase electronic recording equipment for use in limited civil case types (see Attachment F).
- El Dorado Superior Court spent \$40,361 to purchase electronic recording equipment for use in limited civil case types (see Attachment G).

In addition to the items reported above, for the previous reporting period of January 1 through June 30, 2022, four courts reported a combined total of \$157,318 for the purchase or lease of electronic recording equipment or related items:

- Kern Superior Court spent \$1,990 to purchase electronic recording equipment for use in limited civil, misdemeanor, and infraction case types (see Attachment H).
- San Francisco Superior Court spent \$44,187 to purchase electronic recording equipment for use in limited civil case types (see Attachment I).
- Kings Superior Court spent \$9,693 to purchase electronic recording equipment for use in limited civil case types (see Attachment J).
- Contra Costa Superior Court spent \$101,448 to purchase and lease electronic recording equipment for use in limited civil and infraction case types (see Attachment K).

The semiannual submission of this report to the Legislature is required under Government Code section 69958. The statute requires that each superior court report to the Judicial Council the purchase and lease of all electronic recording equipment that will be used to record court proceedings, specifying all of the following:

- The superior court in which the equipment will be used;

- The types of trial court proceedings in which the equipment will be used;
- The cost of purchasing, leasing, or upgrading the equipment; and
- The type of equipment purchased or leased.¹

Fiscal Impact and Policy Implications

The requirements of this report do not result in any additional costs or operational impact.
