Executive Summary

The Legislation Committee represents the Judicial Council's position with other agencies and entities, such as the Legislature, the Governor's Office, the State Bar of California, local government, local bar associations, and other court-related professional associations. The committee determines positions consistent with the council's policy goals and oversees advocacy for those positions. This report summarizes the committee's activities since the last Judicial Council internal committee written report, which was submitted for the council's December 2, 2022, business meeting.

2023–2024 Legislative Session

Since the February 17, 2023, deadline for introduction of bills, Governmental Affairs staff have been reviewing the 2,987 newly introduced bills to identify those of interest to, and that impact the judicial branch.

The Legislation Committee's primary focus during this time has been continuing to provide input and take positions on legislations.

Governmental Affairs staff are currently tracking 755 bills and have provided technical drafting assistance on over 100 bills so far during the first year of the 2023–2024 Legislative Session. Further, the Legislation Committee has taken formal positions on 27 bills.

Following are highlights from some of the top bills that staff are tracking.

Remote proceedings

- SB 21 (Umberg) and SB 22 (Umberg) extend the June 30, 2023, sunset on civil remote proceedings to 2026. These provisions were included in SB 133, the courts trailer bill in time to maintain the authority to hold remote proceedings in civil matters.
- SB 99 (Umberg) extends the January 1, 2024, sunset on criminal remote proceedings to 2028.
- AB 1214 (Maienschein) extends the January 1, 2024, sunset on criminal remote proceedings to 2026 (differs significantly from existing law).

Civil

- SB 71 (Umberg) increases the small claims threshold from \$10,000 to \$12,500 and the limited civil threshold to from \$25,000 to \$35,000.
- SB 652 (Umberg) clarifies standards for expert testimony in response to a recent appellate case. Council staff worked with other civil court stakeholders to ensure that the new provision was narrowly tailored to focus on cases involving medical causation.

Family/probate/mental health

- AB 1755 (Judiciary Committee) and SB 343 (Skinner) are two companion bills to implement new federal regulatory changes in Title IV-D child support enforcement cases. These bills include recommended changes from the most recent Judicial Council child support guideline review report and will bring California into conformity with federal law.
- SB 459 (Rubio) would require the council to create forms for parties to seek modifications of Domestic Violence Prevention Act protective orders by January 1, 2025.
- SB 280 (Laird) requires a professional conservator to file a comprehensive plan for a conservatee within 10 days of a hearing to continue or terminate a conservatorship.

Criminal law and procedure

There are a number of bills this year that would expand the authority of the court to recall and resentence, including the following:

- SB 94 (Cortese) allows individuals serving a sentence of life without parole for offenses committed prior to June 5, 1990, to petition the court for resentencing if they have served at least 25 years in custody.
- AB 600 (Ting) authorizes judges to recall a sentence in any case in which applicable sentencing law has changed and removes the requirement that the district attorney or Attorney General's office must concur.

• AB 1310 (McKinnor) allows a petition for recall and resentencing for a person sentenced on or before January 1, 2018, whose sentence included the imposition of a term for specified firearm enhancements.

Mental health

• SB 35 (Umberg) is cleanup legislation to clarify the provisions of the Community Assistance, Recovery, and Empowerment Act that the first round of courts is preparing to implement later this year.

Key Deadlines

The Legislature adjourned for summer recess on July 14 and will reconvene on August 14. A few other key deadlines include the following:

- September 1 is the last day for fiscal committees to meet and report bills; and
- September 14 is the last day for the Legislature to pass bills.

The deadline for the Governor to sign or veto bills is October 14.

The Legislation Committee anticipates it will meet several times between now and the end of the legislative session to address last-minute bills and amendments.
