## REPORT TO THE JUDICIAL COUNCIL

*Item No.: 23-033*

For business meeting on July 21, 2023

---

**Title**

Trial Court Budget: Allocations from the Trial Court Trust Fund and Trial Court Allocations for 2023–24

**Agenda Item Type**

Action Required

**Effective Date**

July 21, 2023

**Rules, Forms, Standards, or Statutes Affected**

None

**Date of Report**

June 23, 2023

**Recommended by**

Trial Court Budget Advisory Committee  
Hon. Jonathan B. Conklin, Chair

---

### Executive Summary

For 2023–24, the Trial Court Budget Advisory Committee recommends the Judicial Council allocate \$3.024 billion to the trial courts, including \$2.816 billion from the Trial Court Trust Fund, which includes new funding of \$74.1 million inflationary funding and \$207.8 million from the state General Fund for employee benefits, pretrial funding, implementation of the Community Assistance, Recovery, and Empowerment Act, and for support of operation of the trial courts.

The Trial Court Budget Advisory Committee also recommends the Judicial Council approve the Workload Formula allocation of \$2.522 billion based on recommended methodologies as well as methodologies approved by the Judicial Council. Assuming approval of the allocations, current revenue projections, and estimated savings from 2022–23 appropriations, the Trial Court Trust Fund will end 2023–24 with a fund balance of \$201.2 million, of which approximately \$128.5 million will be unrestricted.

### Recommendation

The Trial Court Budget Advisory Committee recommends that the Judicial Council, effective July 21, 2023:

1. Approve base, discretionary, and non-discretionary program allocations in the amount of \$3.024 billion (Attachment B, column AE), which includes the following:
  - a. An allocation of \$74.1 million in inflationary funding to the trial courts as a 3 percent increase over each court's 2022–23 Workload Formula allocation (Attachment B, column D); and
  - b. An allocation of \$118.8 million General Fund for employee benefit cost increases associated with retirement, employee health, and retiree health benefits for the period 2010–11 through 2011–12 and for support of operation of the trial courts (Attachment B, columns T and U).
2. Approve a Workload Formula allocation of \$2.522 billion based on the methodology approved by the Judicial Council (Attachment C, column Y).

Recommendations were presented to the Judicial Branch Budget Committee on May 17 and June 6, 2023, and approved for consideration by the Judicial Council.

## **Relevant Previous Council Action**

### **Base, non-base, discretionary, and non-discretionary program allocations**

Allocation of trial court funds is one of the principal responsibilities of the Judicial Council. Government Code section 68502.5(c)(2)(A) requires the council to make a preliminary allocation for the trial courts in July of each fiscal year and finalize allocations in January of each fiscal year (Link A).

### **Workload Formula allocation**

On January 12, 2018, the council approved changes to the Workload Formula that eliminated the historical base to improve transparency, accountability, and predictability, and to simplify reporting (Link B). In addition, as identified in the December 2017 report to the council, the Trial Court Budget Advisory Committee (TCBAC) established the principles of the Workload-based Allocation and Funding Methodology for 2018–19<sup>1</sup> and beyond, which included the simplification of reporting while maintaining transparency (Link C).

At its meeting on March 15, 2019, the council approved increasing the base funding floor from \$750,000 to \$800,000 (Link D) and took further action at its business meeting on March 11, 2022, to increase the base funding floor to \$950,000 effective July 1, 2022 (Link E). The base funding floor is currently allocated to the two smallest courts, Alpine and Sierra, with the funding allocated through a pro rata adjustment to the allocations of all other courts that do not qualify for the base funding floor. The base funding floor courts were recently approved to

---

<sup>1</sup> All further year spans represent fiscal years.

receive inflationary funding consistent with other courts by the council at its March 24, 2023, business meeting (Link F).

At its meeting on January 17, 2020, the council approved technical adjustments to the Workload Formula parameters to clarify allocation methodologies that would further the goals of funding equity, minimize adverse funding impacts to trial courts, and provide clear direction on applying policy parameters (Link G).

### **Analysis/Rationale**

The Trial Court Trust Fund (TCTF) projected ending fund balance for 2023–24 is \$201.2 million (Attachment D, column E, row 27). Approximately \$72.8 million of this amount is either statutorily restricted or restricted by the council (Attachment D, column E, row 29). The estimated unrestricted fund balance is \$128.5 million (Attachment D, column E, row 30). The 2023–24 TCTF allocation requests totaling \$2.816 billion can be supported by the TCTF based on current revenue projections and 2022–23 projected savings.

### **Recommendation 1**

The Budget Act requires several allocations such as the \$50 million distribution from the General Fund for court operations. Other allocations are revenue distributions required by statute or are authorized charges for the cost of programs or cash advances.

Base, discretionary, and non-discretionary program allocations include the following:

1. Program 0140010—Judicial Council: \$4.4 million for Judicial Council staff (Attachment A, column J, row 30).
2. Program 0150010—Support for Operation of the Trial Courts:
  - a. TCTF allocation in the amount of \$2.667 billion (Attachment B, column X).
  - b. New allocations include:
    - (i) Inflationary funding of \$74.1 million for trial court operations (Attachment B, column D);
    - (ii) Funding for non-court interpreter benefit cost changes of \$11.2 million (Attachment B, column E); and
    - (iii) \$46.8 million for 2023–24 civil assessment redistribution (Attachment B, column F).
  - c. Support of Operation of Trial Courts in the amount of \$48.0 million (Attachment A, column J, line 31).
3. Program 0150011—Court-Appointed Dependency Counsel: An allocation of \$186.7 million for Court-Appointed Dependency Counsel (Attachment A, column J, line 32). Assumes council approval of the Court-Appointed Dependency Counsel item.

4. Program 0150010—Pretrial Funding: An allocation of \$69.0 million for pretrial (Attachment B, column V). Assumes council approval of the pretrial item.
5. Program 0150037—Court Interpreters: An allocation of \$87,000 for the Court Interpreter Data Collection System (Attachment A, column J, line 33).
6. Program 0150095—Expenses on Behalf of the Trial Courts: An allocation of \$15.0 million for expenditures incurred by the Judicial Council on behalf of the trial courts (Attachment A, column J, line 34).

## **Recommendation 2**

Approve the 2023–24 Workload Formula allocation including allocations, revenues, and adjustments in the amount of \$2.522 billion based on methodologies approved by the Judicial Council (Attachment C, column Y).

Changes to the prior year Workload Formula allocation include:

- Adjustment to the subordinate judicial officer allocation totaling –\$2.9 million (Attachment C, column M);
- A change of \$53,000 in Automated Recordkeeping and Micrographics collections from 2020–21 to 2021–22 (Attachment C, column N);
- 2023–24 non-interpreter benefit cost changes totaling \$11.2 million (Attachment C, column O);
- Criminal Justice Realignment funding of \$9.2 million (Attachment C, column P);
- 2021–22 revenues collected totaling \$48.1 million (Attachment C, column Q);<sup>2</sup>
- \$74.1 million in inflationary funding (Attachment C, column R);
- \$46.8 for civil assessment 2023–24 redistribution (Attachment C, column S); and
- An increase to the base funding floor amount for Alpine and Sierra Superior Courts, to \$978,500 as approved by the council effective 2023–24 to allow these courts to retain inflationary adjustments above the base funding floor amount (Attachment C, column U).

---

<sup>2</sup> Includes all other applicable revenue sources as recommended by the Funding Methodology Subcommittee, excluding civil assessment revenue as of 2022–23. Revenue does not reflect an allocation of funding to the trial courts but is used in the calculation of the Workload Formula allocation.

### **Resource Assessment Study model update and Workload Formula**

For 2023–24, the Resource Assessment Study (RAS) model, which is the foundation of the Workload Formula, uses the most recent three-year average filings (2019–20, 2020–21, 2021–22).

The 2019–20 filings include the first four months of the pandemic (March–June 2020), a period when many courts had to close and adjust their operations to comply with state and local health and safety requirements. Temporary emergency orders were put into place to extend statutory timeframes for processing court workload while these adjustments took place.

Since many courts were unable to process filings during that period, the former Workload Assessment Advisory Committee approved replacing the four months of pandemic-impacted data with data that is more representative of the expected trend in filings for that four-month period.<sup>3</sup>

### ***Pending Allocations***

Items pending allocation from the Program 0150010 appropriation include the following:

- Under Government Code section 77203(b), a trial court may carry over unexpended funds in an amount not to exceed 3 percent of the court’s operating budget from the prior fiscal year. Since the courts have until July 15, 2023, to provide their preliminary 2022–23 ending fund balances, the preliminary reduction amounts related to trial court reserves above the 3 percent cap referenced in Government Code section 68502.5(c)(2)(A) will not be available for consideration by the TCBAC and the Judicial Branch Budget Committee (Budget Committee) prior to recommendation to the council at its July 20–21, 2023 business meeting. The TCBAC will consider the final allocation reductions for fund balances above the 3 percent cap, which will subsequently be moved forward to the Budget Committee and the Judicial Council before January 2024.
- The allocation of funding, using the council-approved formula, collected through the dependency counsel collections program will be brought to the TCBAC, the Budget Committee, and the council after final 2022–23 collections are known.
- Various revenue distributions as required by statute or as authorized charges for the cost of programs or cash advances.

### **Potential impacts to allocations**

Potential impacts to allocations include:

- Any changes to appropriations provided for in the Budget Act of 2023;

---

<sup>3</sup> Workload Assessment Advisory Committee materials (Apr. 23, 2021), [www.courts.ca.gov/documents/waac-20210423-materials.pdf](http://www.courts.ca.gov/documents/waac-20210423-materials.pdf).

- Final TCTF allocation amounts for 2023–24 based on available state revenues and final budget actions. Additional modifications may be necessary based on potential changes in state revenue and budget priorities; and
- The \$10 million set aside amount in the TCTF for urgent needs assumes no allocations in 2023–24. If funding is allocated in 2023–24, courts would need to replenish the funding up to what was allocated by the council from their 2024–25 base allocation.<sup>4</sup>

The TCTF projected ending fund balance for 2023–24 is \$201.2 million (Attachment D, column E, row 27). Of this amount, approximately \$72.8 million is either statutorily restricted or restricted by the council (Attachment D, column E, row 29). The estimated unrestricted fund balance is \$128.5 million (Attachment D, column E, row 30). The 2023–24 preliminary allocation requests totaling \$3 billion can be supported by the TCTF based on revenue projections and projected savings in the current year.

### **Court Interpreters Program Updates**

Staff recently completed the Trial Court Interpreters Program (CIP) Expenditure Report for 2021–22. The 2021-22 appropriation of \$162.1 million included one-time \$30 million for the Court Interpreter Employee Incentive Grant (CIEIG). The total court interpreter expenditure for 2021–22 was \$116.6 million, which is a slight decrease from the previous year. Compared to 2020–21, total court interpreter expenditure for 2021–22 decreased by \$190,784 (–0.16 percent). This resulted in program savings of approximately \$15 million, which reverted to the TCTF as restricted program funding. Unused grant funding for the CIEIG will be collected for return to the general fund. For 2022–23, the allocation for the CIP was \$135.5 million.

Due to the COVID-19 pandemic, the fund continues to maintain a positive balance (approximately \$26 million in program savings). As a result of negotiated wage increases, expenses for the fund are anticipated to increase in future years.

### **Policy implications**

These recommendations are consistent with the statutory requirement that the council make a preliminary allocation for the trial courts in July of each fiscal year.

### **Fiscal and Operational Impacts**

If the recommendations to allocate funds are not approved, the fiscal and operational impacts to the trial courts will be significant.

### **Comments**

The recommendations were not circulated for comment and received no public comment.

## Alternatives considered

Recommendation 1: The recommendations are consistent with approved methodologies, past practice, or were thoroughly vetted through the committee process and deemed necessary and affordable.

Recommendation 2: No alternatives were considered as the recommendations are consistent with the council-approved Workload Formula methodology.
