Executive Summary

The Judicial Council Capital Program recommends approving *Receipts and Expenditures from Local Courthouse Construction Funds: Report to the Budget and Fiscal Committees of the Legislature* for submission to the Legislature. The report provides information for the reporting period of July 1, 2014, through June 30, 2015, on receipts and expenditures from local courthouse construction funds, as reported by each county. The annual submission of this report is required under Government Code section 70403(d).

Recommendation

Finance recommends that the Judicial Council, effective April 14, 2016:

1. Approve the attached annual report for the period of July 1, 2014, to June 30, 2015, on receipts and expenditures from local courthouse construction funds, as reported by each county; and
2. Direct staff to submit the report to the Legislature.

Previous Council Action

The previous nine reports can be found at www.courts.ca.gov/7466.htm.

Rationale for Recommendation

The annual submission of this report is required under Government Code section 70403(d). When a county submits its annual report on the condition of the local courthouse construction fund, the Judicial Council staff reviews the report and requests the information necessary to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project, if the report does not include that information. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verification that outstanding debt service still exists. If, based on the information provided, the Judicial Council concludes that a county made an expenditure not permitted by statute, the Judicial Council will notify the county and the California Department of Finance of the amount due for repayment to the state.

Comments, Alternatives Considered, and Policy Implications

The attached annual report was not circulated for comment because it is factual and does not contain recommendations. No alternatives were considered because submission of this report is required by statute.

Implementation Requirements, Costs, and Operational Impacts

The attached report is factual, with no recommendations and no consequential costs or impacts determined at this time.

Report title: *Receipts and Expenditures from Local Courthouse Construction Funds: Report to the Budget and Fiscal Committees of the Legislature*

Statutory Citation: Government Code section 70403(d)

Date of Report: May 16, 2016

The Judicial Council has submitted a report to the Legislature in accordance with Government Code section 70403(d) regarding receipts and expenditures from local courthouse construction funds, as reported by each county. The following summary is provided under the requirements of Government Code section 9795.

Government Code section 70402(a) requires that any amount in a county's local courthouse construction fund be transferred to the State Court Facilities Construction Fund following the date of the last transfer of responsibility for court facilities from that county to the Judicial Council if there is no outstanding bonded indebtedness. All such facility transfers were complete as of December 31, 2009.

As of December 31, 2015, six counties that have transferred their court facilities and have no outstanding bonded indebtedness—Colusa, Inyo, Lassen, Modoc, Siskiyou, and Tehama—have yet to transfer their courthouse construction fund balances to the State Court Facilities Construction Fund. Of the six counties, Inyo and Siskiyou have outstanding projects and after completion of the projects, the counties will be required to remit any savings from the project budget to the State Court Facilities Construction Fund.

Sixteen counties have transferred the fund balances, or partial fund balances, in their local courthouse construction funds to the State Court Facilities Construction Fund. Of these 16, El Dorado County has an outstanding project commitment and will continue to submit annual reports until the project is complete. Four counties—Alpine, Mariposa, Trinity, and Tuolumne—retained their courthouse construction funds consistent with responsibility for 100 percent of court square footage. Two counties—Madera and Sierra—reported zero receipts and

May 16, 2016

Page 2

expenditures. Thirty counties continue to retain their courthouse construction funds as statutorily permitted because they have bonded indebtedness for which the funds are used. The 30 counties that retain their courthouse construction funds to pay off outstanding debt will continue to submit annual reports on revenues and expenditures until the debt obligation is retired.

The full report is available at www.courts.ca.gov/7466.htm. For more information or to obtain a printed copy of the report, please contact Ms. Angela Guzman, Manager, at 916-643-8041.

County Reporting on Local Courthouse Construction Funds

The Trial Court Facilities Act of 2002 (Sen. Bill 1732 [Escutia]; Stats. 2002, ch. 1082) requires counties to report receipts to and expenditures from local courthouse construction funds. Government Code section 70403 mandates that each county submit a report to the Administrative Director of all local courthouse construction fund receipts and expenditures for the period January 1, 1998, to December 31, 2005. Counties retaining funds for the purpose of paying bonded indebtedness must submit to the Judicial Council of California and the California Department of Finance annual updates of all receipts and expenditures within 90 days after the end of each fiscal year. The section further requires the Judicial Council to submit a report to the Legislature on the information received from the counties regarding the status of local courthouse construction funds. This report covers the period from July 1, 2014, to June 30, 2015, and includes updates to prior reports covering the periods of January 1, 1998, to December 31, 2005; January 1, 2006, to June 30, 2007; July 1, 2007, to June 30, 2008; July 1, 2008, to June 30, 2009; July 1, 2009, to June 30, 2010; July 1, 2010, to June 30, 2011; July 1, 2011, to June 30, 2012; July 1, 2012, to June 30, 2013; July 1, 2013, to June 30, 2014.

Government Code section 70402(a) requires that any amount in a county's courthouse construction fund established under Government Code section 76100 be transferred to the State Court Facilities Construction Fund following the date of the last transfer of responsibility for court facilities from the county to the Judicial Council if there is no outstanding bonded indebtedness. All transfers of court facilities were complete as of December 31, 2009.

As of December 31, 2015, six counties that have transferred their court facilities and have no outstanding bonded indebtedness—Colusa, Inyo, Lassen, Modoc, Siskiyou, and Tehama—have yet to transfer their courthouse construction fund balances to the State Court Facilities Construction Fund. Of the six counties, Inyo and Siskiyou have outstanding projects and after completion of the projects, the counties will be required to remit any savings from the project budget to the State Court Facilities Construction Fund. Sixteen counties have transferred the fund balances, or partial fund balances, in their local courthouse construction funds to the State Court Facilities Construction Fund. Of these 16, El Dorado County has an outstanding project commitment and will continue to submit annual reports until the project is complete. Four counties—Alpine, Mariposa, Trinity, and Tuolumne—retained their courthouse construction funds consistent with responsibility for 100 percent of court square footage. Two counties—Madera and Sierra—reported zero receipts and expenditures. Thirty counties continue to retain their courthouse construction funds as statutorily permitted because they have bonded indebtedness for which the funds are used. The 30 counties that retain their courthouse construction funds to pay off outstanding debt will continue to submit annual reports on revenues and expenditures until the debt obligation is retired.

County Reporting Under Section 70403(b) for July 1, 2014, to June 30, 2015

As of December 15, 2015, the Judicial Council received reports on the condition of local courthouse construction funds from all 30 of the counties that have outstanding bonded indebtedness as required by statute (see Attachment 1). All reports received are in compliance with section 70403(b), which requires an annual update of all local courthouse construction fund receipts and expenditures from counties with outstanding bonded indebtedness; in this case, for the period from July 1, 2014, to June 30, 2015.

As reported by the 30 counties, the local courthouse construction fund receipts totaled \$46,267,786 during the statutory reporting period. The 30 counties reported a total of \$68,298,645 in local courthouse construction fund expenditures.

Status of reviews

When a county submits its annual report on the condition of the local courthouse construction fund, the Judicial Council staff reviews the report and requests the information necessary to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project, if the report does not include that information. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verifying that outstanding debt service still exists. If the Judicial Council concludes, based on the information provided, that a county made an expenditure not permitted by statute, the Judicial Council will notify the county and the California Department of Finance of the amount due for repayment to the state.

Status of determination of repayment amounts required under section 70403(d)

As reviews of the reports are completed for the counties with outstanding debt service, repayments to the State Court Facilities Construction Fund, if any, will be finalized and reported in subsequent annual reports from the Judicial Council to the budget and fiscal committees of the Legislature. Reviews of the county reports have not yet been completed; therefore, at this time there are no repayments to report for this reporting period.
