Executive Summary

The Trial Court Budget Advisory Committee and the Judicial Council Technology Committee recommend that the Judicial Council approve an extension of the case management system V3 funding sunset to June 30, 2020. The Trial Court Budget Advisory Committee also recommends that the Judicial Council approve 2018–19 allocations from the State Trial Court Improvement and Modernization Fund for the Judicial Council in the amount of \$57,137,276, approve 2018–19 allocations from the Trial Court Trust Fund in the amount of \$2.0 billion, and approve a 2018–19 allocation from the General Fund in the amount of \$68.8 million. This recommendation is for approval to allocate; court-specific allocations are provided in *Trial Court Budget: 2018–19 Trial Court Base Allocations*, a report to the Judicial Council for the July 19–20, 2018 business meeting.

Recommendation

1. The Trial Court Budget Advisory Committee (TCBAC) and the Judicial Council Technology Committee unanimously recommend that the Judicial Council approve extending the use of case management system (CMS) V3 funding through June 30, 2020.

2. The TCBAC unanimously recommends that the Judicial Council adopt the following allocation recommendations:
 - a. Approve a total of \$57,137,276 in allocations for 2018–19 from the State Trial Court Improvement and Modernization Fund (IMF) for discretionary and nondiscretionary programs.
 - b. Approve \$2.0 billion in preliminary allocations for 2018–19 from the Trial Court Trust Fund (TCTF) and \$68.8 million in General Fund allocations for employee benefits.

Relevant Previous Council Action

Extension of CMS V3

In April 2015, a recommendation by the TCBAC and the Judicial Council Technology Committee (JCTC) was approved by the council to eliminate funding from the IMF for the CMS V3 used by four superior courts (Orange, Sacramento, San Diego, and Ventura) beginning in July 2019. Even before that time, the V3 courts had begun to work with the JCTC on a path to deploy alternative CMSs and retire V3. A budget change proposal (BCP) was submitted for civil CMS (V3) replacement for 2016–17 and was approved in the state budget.

2018–19 IMF allocations

Since the inception of state trial court funding in 1996, every year the Judicial Council or the Executive and Planning Committee has allocated trial court–related funding from the IMF.

The amount originally approved by TCBAC was \$60,373,276; however, \$3,236,000 was identified as self-represented litigant budget change proposal funding included in the 2018 Governor’s budget proposal from the General Fund rather than the IMF as presented to the TCBAC. As a result, this amount no longer requires approval through the IMF allocation request process.

2018–19 TCTF allocations

Government Code section 68502.5(c)(2)(A) requires the Judicial Council to make a preliminary allocation in July and a final allocation in January of each fiscal year.

Analysis/Rationale

Recommendation 1: Approve extending the use of CMS V3 funding through June 30, 2020

The 2017–18 five-year projected budget for CMS V3 was based on the end date of CMS V3 funding of June 30, 2019. The budget projected a steep ramp down in 2018–19 and zero funding in 2019–20. However, this steep ramp down and decommissioning of V3 has since been determined not to be feasible within the original time frame.

Despite projects already underway to convert other CMSs that were failing, the V3 courts have been progressing with their projects to replace CMS V3. All of the affected courts have identified replacement solutions and are working expeditiously to complete their projects.

However, as many courts have already experienced, CMS deployment times are longer than projected or desired. Consequently, conversion to new CMSs will extend beyond June 2019.

The requested extension does not constitute an allocation request but a request to extend the timeline for potential use of the funds to 2019–20. The Judicial Council Information Technology office will be required to come back to the Revenue and Expenditure (R&E) Subcommittee and TCBAC next fiscal year to request an IMF allocation in 2019–20 along with other Judicial Council offices.

The projected five-year budget has been revised based on the timelines for the CMS V3 replacement projects. Since the April 2015 Judicial Council decision to sunset the support of CMS V3, costs for support have been reduced and additional reductions are planned for the next fiscal year. The Judicial Council Information Technology office is proposing to utilize savings generated in the original funding plan as approved in 2015–16 to fund the extension for CMS V3 through 2019–20.

These savings have been achieved through reductions in contractors and data center equipment as well as not replacing employees who have left the Judicial Council. Support efforts for CMS V3 are limited to remediating defects, programming legislative/statutory updates, and upgrading to software components where necessary. The reduced levels of support have not been ideal given the ongoing migration work that is required, but all the courts using CMS V3 have agreed to this reduced level to gain additional, critical time to migrate to their new CMSs.

The table in Attachment A shows a baseline-funding plan projected from the allocation approved by the council for 2015–16, as well as a proposed plan for an extension through 2019–20. A baseline CMS V3 funding plan provides \$22.6 million from 2015–16 through 2018–19. The actual expenditures and forecasted obligations through 2018–19 total \$15.0 million. There is an estimated savings of \$7.6 million from the baseline plan. The precise request for 2019–20 will depend on how quickly the courts can ramp down their use of CMS V3 as well as other factors that are not known this far in advance, such as unexpected increases in software maintenance, maintenance of older CMS V3 equipment, and reductions in Schedule C funding. However, the projected need for 2019–20 is \$3.46 million or less. Even extending the period to June 30, 2020, there remains an overall savings of \$4.1 million from the baseline-funding plan.

Recommendation 2a: Approve a total of \$57,137,276 in allocations for 2018–19 from the IMF

Listed below are the proposed 2018–19 allocation requests by Judicial Council offices. (For Judicial Council–Approved 2017–18 Allocations and 2018–19 Proposed Allocations from the IMF State Operations and Local Assistance Appropriations, see Attachment B. For additional details on each of the programs, see Attachment C.) The requested allocation amount is reflected in the IMF Fund Condition Statement (Attachment D). The fund is estimated to have a sufficient balance for this level of allocations based on current revenue projections and projections of expenditure savings in 2016–17 and 2017–18. There is a negative fund balance projected for

2019–20 using the current revenue projections and expenditure assumptions, and Judicial Council staff continue to work diligently with the Department of Finance to resolve the structural deficit in the IMF as well as communicate updates to the R&E Subcommittee and the TCBAC.

1. **Audit Services**—Conducts operational audits of the superior and appellate courts.

Approve an allocation of \$370,000.

This represents a savings of \$268,000 from the prior year due to a reassessment of need.

2. **Branch Accounting and Procurement**—Supports the trial courts’ financial and human resources Phoenix System.

Approve a total allocation of \$1,503,205.

There is a reduction of approximately 30 percent from the prior year due to a reassessment of need. An additional allocation will be provided to the Judicial Council Information Technology office for its support of the Phoenix program.

3. **Center for Families, Children & the Courts**—Supports various programs within the courts for litigants.

Approve a total allocation of \$5,244,000. This request is unchanged from the prior year.

Although the allocation of \$5,000,000 is unchanged in amount, there has been a change in how unspent funds will be addressed. Provisional language was added to the 2018–19 budget bill that says, “Of the funds appropriated in this item, \$5,000,000 shall be available for support of services for self-represented litigants, and any unexpended funds shall revert to the General Fund.”

4. **Center for Judicial Education and Research**—Provides education to judges, court leaders, court staff faculty, managers, supervisors, and lead staff.

Approve a total allocation of \$1,202,000. This request is unchanged from the prior year.

5. **Court Operations Services**—Program provides court interpreter testing.

Approve a total allocation of \$143,000. This request is unchanged from the prior year.

6. **Budget Services**—Supports meetings of various committees and subcommittees as they relate to the trial courts funding, policies, and other issues.

Approve a total allocation of \$337,500.

The two main expenditures are for Treasury Services – Cash Management and Budget Focused Training and Meetings. A slight increase of \$22,900 is requested due to increased staffing costs.

7. **Human Resources**—Supports the Trial Court Labor Relations Academy in supporting trial court staff in meeting its many labor challenges (not mandated).

Approve a total allocation of \$22,700.

Through reassessment of need, this program reduced its request by 12 percent.

8. **Information Technology**—Supports many of the information systems for the Supreme Court, Courts of Appeal, and the 58 superior courts.

Approve an allocation of \$41,426,371.

The reduced allocation amount of \$15,642,410 was realized in part by the BCP adjustments for one-time and/or full-year cost adjustments, savings for Telecommunications due to revision of hardware refresh costs, and Data Integration savings due to reductions from the renegotiated TIBCO contract and of a projected consultant.

9. **Legal Services**—Supports the Judicial Council staff divisions and courts, manages litigation, and is responsible for rules and projects including the California Rules of Court and Judicial Council forms.

Approve a total allocation of \$6,888,500.

The reduced need of \$181,500 is primarily due to ongoing savings from position vacancies in the Regional Office Assistance Program.

Recommendation 2b: Approve \$2.0 billion in preliminary allocations for 2018–19 from the TCTF and \$68.8 million in General Fund allocations for employee benefits

A number of allocations are required by the Budget Act (e.g., a \$50 million distribution from the Immediate and Critical Needs Account for court operations), are various revenue distributions required by statute, or are authorized charges for the cost of programs or cash advances.

The projected 2018–19 ending TCTF fund balance is \$74.0 million (Attachment F, column F, row 29). Approximately \$17.1 million are monies that are either statutorily restricted or restricted by the council (Attachment F, column F, row 30). The estimated unrestricted fund balance is \$56.9 million (Attachment F, column F, row 31). The 2018–19 preliminary allocation requests totaling \$2.0 billion can be supported by the TCTF based on current revenue projections and 2017–18 projected savings.

1. **Program 0140010 – Judicial Council:** Judicial Council staff in the amount of \$3,633,676 (Attachment E, line 27).
2. **Program 0150010 – Support for Operation of the Trial Courts**
 - a. 2017–18 Adjusted TCTF Base Allocation in the amount of \$1,778,582,599 (Attachment E, line 8):¹ Adjusted base allocation includes \$9,223,000 criminal justice realignment funding (Attachment E, line 7).

¹ Specific allocations by court as they relate to TCTF monies allocated via the Workload-based Funding and Allocation Methodology are detailed in *Trial Court Budget 2018–19 Trial Court Base Allocations*, a report to the

- b. New and changed allocations in the amount of \$22,839,843 (Attachment E, line 13): Includes \$23,816,127 for non-court interpreter employee benefits (Attachment E, line 12).
 - c. Support of Operation of Trial Courts in the amount of \$39,330,316 (Attachment E, line 47).
- 3. Program 0150011 – Court-Appointed Dependency Counsel:** Court-Appointed Dependency Counsel in the amount of \$136,700,000 (Attachment E, line 38).
- 4. Program 0150037 – Court Interpreters Benefits:**
- a. Funding in the amount of \$1,071,869 for court interpreter employee benefits for 2017–18 cost changes in the 2018 May Revision (Attachment E, line 15).
 - b. One-time funding in the amount of \$4,000,000 for court interpreter employee benefits, based on an approved 2018–19 BCP, with the anticipation of its inclusion in the 2018–19 Budget Act (Attachment E, line 16).
- 5. Program 0150095 – Expenses on Behalf of the Trial Courts:** Expenditures incurred by the Judicial Council on behalf of the trial courts in the amount of \$9,175,085 (Attachment E, line 36).
- 6. General Fund:** Approve \$68,818,575 in General Fund allocations for employee benefits (Attachment E, line 2).

Two items that will be allocated from the Program 0150010 – Support for the Operation of the Trial Courts appropriation are pending:

- Since the courts have until July 14, 2018 to provide preliminary 2017–18 ending fund balances, the preliminary reduction amounts related to trial court reserves above the 1 percent cap referenced in Government Code section 68502.5(c)(2)(A) will not be available in time for the July 19–20, 2018 Judicial Council business meeting. Instead, the TCBCAC will consider the final allocation reductions for fund balance above the 1 percent cap before their recommendation to the Judicial Council before February 2019.
- The allocation of monies, using the council-approved formula, collected through the dependency counsel collections program will be brought to the council once final 2017–18 collections are known.

The \$10 million in urgent needs funding assumes nothing is allocated in 2018–19. If monies are allocated, courts would need to replenish the monies up to what was allocated by the council from their allocations in 2019–20.
