Title

Allocations and Reimbursements to Trial Courts | Model Self-Help Pilot Program Report on Midyear Reallocation and Funding for 2020-2021

Summary

The Model Self-Help Pilot Program has been operating in five California courts since 2002. The program testing technological solutions has determined not to continue its participation, and the Judicial Council approved making a midyear reallocation to the remaining projects for 2019-20 to expand their Model Self-Help Pilot Projects using technology. This report describes the results of that reallocation.
