Title Court Records: Trial Court Records Manual Update

Summary

The Court Executives Advisory Committee presents the Judicial Council with the revised *Trial Court Records Manual*. The update to the manual contains changes required by Assembly Bill 1443 (Stats. 2017, ch. 172) to reflect the addition of gun violence record retention requirements as well as the elimination of the statutory reporting requirement for destroyed or transferred court records. The update also contains technical changes to align the manual with intervening legislative and rule changes.
