Title

Judicial Branch Administration | Judicial Branch Data and Information Governance Policy Concepts (Action Required)

Summary

The Information Technology Advisory Committee recommends that the Judicial Council accept the attached report on Data and Information Governance Policy Concepts. This report is the final workproduct of the Data Analytics Workstream, which was charged with recommending a data analytics strategy for the branch that included developing branchwide data and information governance policy recommendations. Adopting these policy concepts will lay the foundation for future policy development and will help execute a new vision for data analytics in the judicial branch: *to analyze, use, and share data to inform decision-making in order to enhance and expand vital and accessible services for all the people of California.*

Recommendation

The Information Technology Advisory Committee recommends that the Judicial Council accept the attached report on Data and Information Governance Policy Concepts.

Speakers

Hon. Tara Desautels and Mr. David Yamasaki, Executive Co-Sponsors,
Data Analytics Workstream, Information Technology Advisory Committee
Ms. Leah Rose-Goodwin, Business Management Services
