Title

Judicial Branch Technology | Court Technology Modernization Funding, Fiscal Years 2021-22 and 2022-23 (Action Required)

Summary

The Budget Act of 2022 appropriated funding for judicial branch technology modernization. The Judicial Council has directed the Technology Committee to recommend funding allocations and provide regular updates on approved allocations. These allocations are intended to modernize court operations through technology. The Technology Committee recommends that the Judicial Council allocate approximately \$12.5 million to trial and appellate courts for fiscal year 2022-23, as itemized in the attached summary. The recommended allocations would support projects that align with the judicial branch's technology goals, while allowing individual courts to expand their use of technology to best meet their particular needs.

Recommendation

The Technology Committee recommends that, effective September 20, 2022, the Judicial Council approve the proposed allocations as itemized in the attached Court Technology Modernization Funding: Proposed Allocations for Fiscal Year 2022-23.
