Title

Judicial Branch Administration: Tactical Plan for Technology 2019-2020 (Action Required)

Summary

The Tactical Plan Update Workstream and the Information Technology Advisory Committee (ITAC) recommend adopting the updated *Tactical Plan for Technology 2019-2020*. The updated plan was developed by analyzing the *Strategic Plan for Technology 2019-2022*, evaluating the status of existing initiatives, and considering new proposed initiatives. The plan was refined following circulation for branch and public comment. Building on the technology strategic plan, the tactical plan describes the focused efforts on technology solutions that further the administration of justice and meet the needs of the people of California.

Recommendation

ITAC and the Tactical Plan Update Workstream recommend that the Judicial Council adopt the *Tactical Plan for Technology 2019-2020* to supersede the 2017-2018 plan. This is the second update of the judicial branch tactical plan for technology since it was established within the Technology Governance and Funding Model, effective October 2014.

Speakers

Hon. Sheila F. Hanson, Chair, Information Technology Advisory Committee

Ms. Heather Pettit, Information Technology
