### Title

## **Rules and Forms | Judicial Branch Technology: Rules for Adoption of Technology and Data Security Guidelines (Action Required)**

### Summary

The Court Executives Advisory Committee (CEAC) and the Information Technology Advisory Committee (ITAC) recommend adopting one rule and amending one rule to create a process for adopting and revising technology and data security guidelines for the courts and the Judicial Council. This proposal originated with the Joint Information Security Governance Subcommittee, which reviews and recommends security-related guidelines, policies, and other proposals for action by ITAC and CEAC.

### Recommendation

The Court Executives Advisory Committee and the Information Technology Advisory Committee recommend that the Judicial Council, effective July 1, 2025:

1. Adopt California Rules of Court, rule 10.405 to create a process for adopting and revising technology and data security guidelines for the courts and the Judicial Council; and
2. Amend California Rules of Court, rule 10.172 to reflect the adoption of rule 10.405.
